• 二、Self-provided life jacket(依競賽規程規定)

Each team can bring their own life jackets or wear the life jackets provided by the Organizer. Since dragon boat racing is a team sport, life jackets are regarded as part of the team uniforms. All teams must wear life jackets of the same color. The styles of self-provided life jackets are mainly zipper or buckle. There is no restriction on color and the brand of the life jacket used. Buoyancy suits, belt-type/waist band type, inflatable, and pneumatic life jackets are prohibited.

Teams using self-provided life jackets have to turn in disclaimer form during registration, or the team will not be allowed to use self-provided life jacket.

The self-provided life jackets will be inspected by the Organizer. If they do not meet the requirements in Appendix 3, the team will be prohibited from using their own lifejackets. And the team is required to wear the life jackets provided by the Organizer.

- Each team should wear life jackets at all times during the competition.
- Definition of "during competition": starting from wearing life jackets on shore, down to the wharf, starting to finishing (for standard dragon boat is catching the flag/for small dragon boat is passing the finish line), back to the wharf, back up shore and return the life jackets jackets'.
